OCTOBER 2012

Energy Right Solutions for Business helps customers save big money on utilities and reduce project payback with rebates

In the last 12 months, MLGW customers have completed energy efficiency projects that cut electric demand by more than 3,000 kW, slashed consumption by 18,201,400 kWh—and earned nearly \$1.5 million in TVA Energy Right Solutions for Business rebates!

TVA recently modified the Energy Right Solutions for Business and Industry programs to further streamline the application process.

- Expands the “Standard Rebate” application to incorporate additional lighting retrofit options, including some LED retrofits. Motion sensor incentives have been added with the removal of maximum wattage requirements for replacements.
- Allows Preferred Partners Network (PPN) members to submit lighting upgrades using the “Lighting Workbook.” This gives the PPN members an edge over non-PPN members by possibly being able to access more incentive dollars via the Lighting Workbook.
- Eliminates the pre-inspection requirements for the Standard Rebate HVAC projects.

If your facility has old, inefficient systems, now is the time to consider upgrading to take advantage of utility savings as well as project rebates. For details on Energy Right Solutions for Business, visit www.mlgw.com/businessenergyincentives or <http://energyright.com/business>

Company earns \$252,912 rebate for lighting upgrade project

It’s not often that the utility shows up to hand you a check for a quarter-million dollars—but that’s exactly what happened earlier this month!

MLGW and TVA representatives met with SFI of Tennessee staff on 10/1/2012 to present a hefty \$252,912 Energy Right Solutions for Business rebate check earned for the company’s lighting upgrade project.

MLGW Rates

MLGW's current and historic electric, natural gas and water rates are published at www.mlgw.com, along with updated Purchased Gas Adjustment and Fuel Cost Adjustment rates.

Purchased Gas Adjustment (PGA)

MLGW Rate	Consumption	Demand
G-1 residential	\$0.019	na
G-7	(\$0.023)	na
G-8 / G-9	(\$0.078)	\$0.103
G-10 / G-12	(\$0.076)	na

Monthly adjustment in \$/Ccf to published natural gas rates for meters read on or after 10/1/2012.

Fuel Cost Adjustment (FCA)

TVA Rate Class	MLGW Rate Code	FCA Amount
GSA, Part 1	E-2	\$0.02634
GSA, Part 2	E-2	\$0.02634
GSA, Part 3	E-2	\$0.02602
Residential	E-1	\$0.02661
Outdoor Lighting	E-3	\$0.02666

Monthly adjustment in \$/kWh to all firm kWh, beginning with meters read on or after 10/1/2012.

Pilot Safety: 901-820-7878

VIEW YOUR BILL ONLINE AT www.mlgw.com

Happily holding a \$252,912 rebate check are (left to right): Joe DeWeese, SFI; Jason Keith, SFI; Bill Black, MLGW; Jeston Morris, SFI; John Harris, MLGW; and Tony Yanessa, TVA.

SFI of Tennessee replaced 1,460 lights in their facility at 4768 Hungerford Road. In addition to the rebate, SFI will save on their monthly energy costs as a result of replacing metal halide and T12 lamps with T8 and T5 lamps and adding lighting controls.

To Do Today:

1. Visit www.energyright.com/business
2. Talk to maintenance staff or contractor about energy efficiency retrofit options for lighting, HVAC, motors and more
3. Be a company hero for saving money!
