SEASONAL OFF-PEAK**

**AVAILABILITY**

This rate schedule is available for gas service from April 1 through October 31 of any year to all customers contracting for not less than 250 Ccf of Maximum Daily Demand and providing oil or other alternate fuel facilities approved by the Division as being adequate in design and capacity.

Availability of gas under this rate schedule is subject to curtailment in the event of any curtailment of the Division's supply of gas.

Gas supplied under this rate schedule is for the exclusive use of the customer and shall not be resold.

Gas sold under this rate schedule shall be termed "Seasonal Off-Peak Gas" and shall be interrupted whenever, in the opinion of the Division, the interruption is necessary.

If, for any reason, customer taking service under this rate schedule continues to take gas during any period of interruption occurring between the dates stated in the above availability clause, there shall become due and payable to the Division, not as a penalty, but as liquidated damages, an amount equal to \$1.50 per Ccf for all gas taken.

This amount is to be in addition to the regular amounts billed in accordance with this rate schedule.

Customers shall agree that when such interruption is deemed necessary, gas service may be curtailed by Division upon one (1) hour's notice by Division to customers. Customers, upon receipt of such notice, shall cease use of gas until notified by Division that such use may be resumed.

**MONTHLY RATE** (Ccf equals 100 cubic feet)

**ALL GAS CONSUMED:** \$0.3794 per Ccf

**PURCHASED GAS ADJUSTMENT RIDER:**

The above rates are subject to adjustment under the provisions of the Purchased Gas Adjustment Rider.

**CONTRACT REQUIREMENT**

Customers taking service under this rate schedule shall be required to execute written contracts for a period of not less than one (1) year or more than five (5) years.

**MAXIMUM DAILY DEMAND**

The Maximum Daily Demand shall be defined as the maximum twenty-four (24) hours' use of gas during the current month. The Maximum Daily Demand shall be determined at the option of the Division according to one of the following methods:

1. By estimate--one-twentieth (1/20) of the current monthly consumption
2. By actual test
3. By demand meter

**SINGLE POINT DELIVERY**

The above rates are based upon the supply of service to the customer's premises through a single delivery and metering point, and at a single pressure. Separate supply for the same customer at other points of consumption, or at different pressures, shall be separately metered and billed.

The customer shall install and maintain at its expense any equipment deemed necessary to provide service under this rate including, but not limited to, telephone lines and power outlets.

**VOLUMETRIC RESTRICTIONS**

The Division reserves the right to require a new contract from any customer whose Maximum Daily Demand is less than his Contract Demand, and further reserves the right to prohibit the addition of any loads in excess of present loads or present Contract Demands without prior Division approval. Any customer who violates these restrictions may be required to remove the excess load requirements or have full service discontinued.
