

**MEMPHIS LIGHT, GAS AND WATER DIVISION
CITY OF MEMPHIS**

GAS SERVICE

**SCHEDULES G-8 & G-9
LARGE GENERAL SERVICE
ON-PEAK**

AVAILABILITY

This rate schedule is available for gas service to all Customers contracting for not less than 100 Ccf of Maximum Daily Demand.

Availability of gas under this rate schedule is subject to curtailment in the event of any curtailment of the Division's supply of gas. Gas supplied under this rate schedule is for the exclusive use of the Customer and shall not be resold.

Gas sold under this rate schedule shall be termed "On-Peak Gas" and shall be interrupted only after gas sold under other rate schedules, having a lower priority than gas sold under this rate schedule, has been curtailed. The Division shall, however, have the right to curtail all gas sold under this rate schedule when, in its judgment, conditions are such as to require curtailment of the schedule.

MONTHLY RATE (Ccf equals 100 cubic feet)

DEMAND CHARGE: \$0.6090 per Ccf per month of contract demand or maximum daily demand during the twelve (12) months ending with the billing month, whichever is higher, plus

FOR GAS CONSUMED:

First 200,000 ccf per month @ \$0.5698 per ccf
Excess over 200,000 ccf per month @ \$0.5015 per ccf, plus

PURCHASED GAS ADJUSTMENT RIDER

The above rates are subject to adjustment under the provisions of the Purchased Gas Adjustment Rider.

MINIMUM BILL

The minimum bill shall be \$.9035 for each Ccf of the higher of: (1) The Maximum Daily Demand during the twelve (12) months ending with the billing month, or (2) the Daily Contract Demand.

PAYMENT

The above rates are net, the gross rates being 5% higher. In the event the current monthly bill is not paid on or before delinquent date shown on the bill, the gross rates shall apply.

CONTRACT REQUIREMENT

Customer taking service under this rate schedule shall be required to execute written contracts for a period of not less than one (1) year.

MAXIMUM DAILY DEMAND

The Maximum Daily Demand shall be defined as the maximum twenty-four (24) hours' use of gas during the current month. The Maximum Daily Demand shall be determined at the option of the Division according to one of the following methods:

1. By estimate -- one-twentieth (1/20) of the current monthly consumption
2. By actual test
3. By demand meter

SINGLE POINT DELIVERY AND JOINT SERVICE THROUGH ONE METER

The above rates are based upon the supply of service to the Customer's premises through a single delivery and metering point and at a single pressure. Separate supply for the same Customer at other points of consumption, or at different pressures, shall be separately metered and billed.

The customer shall install and maintain at its expense any equipment deemed necessary to provide service under this rate including, but not limited to, telephone lines and power outlets.

For customers receiving service under more than one rate schedule through one meter, the volumes delivered under each rate schedule will be determined as provided by the Rules and Regulations of the Division.

VOLUMETRIC RESTRICTIONS

The Division reserves the right to require a new contract from any Customer whose Maximum Daily Demand is less than his Contract Demand, and further reserves the right to prohibit the addition of any loads in excess of present loads or present Contract Demands without prior Division approval. Any Customer who violates these restrictions may be required to remove the excess load requirements or have full service discontinued.

RULES AND REGULATIONS

Service is subject to the Rules and Regulations of the Division.
