

CONSERVATION GIRL

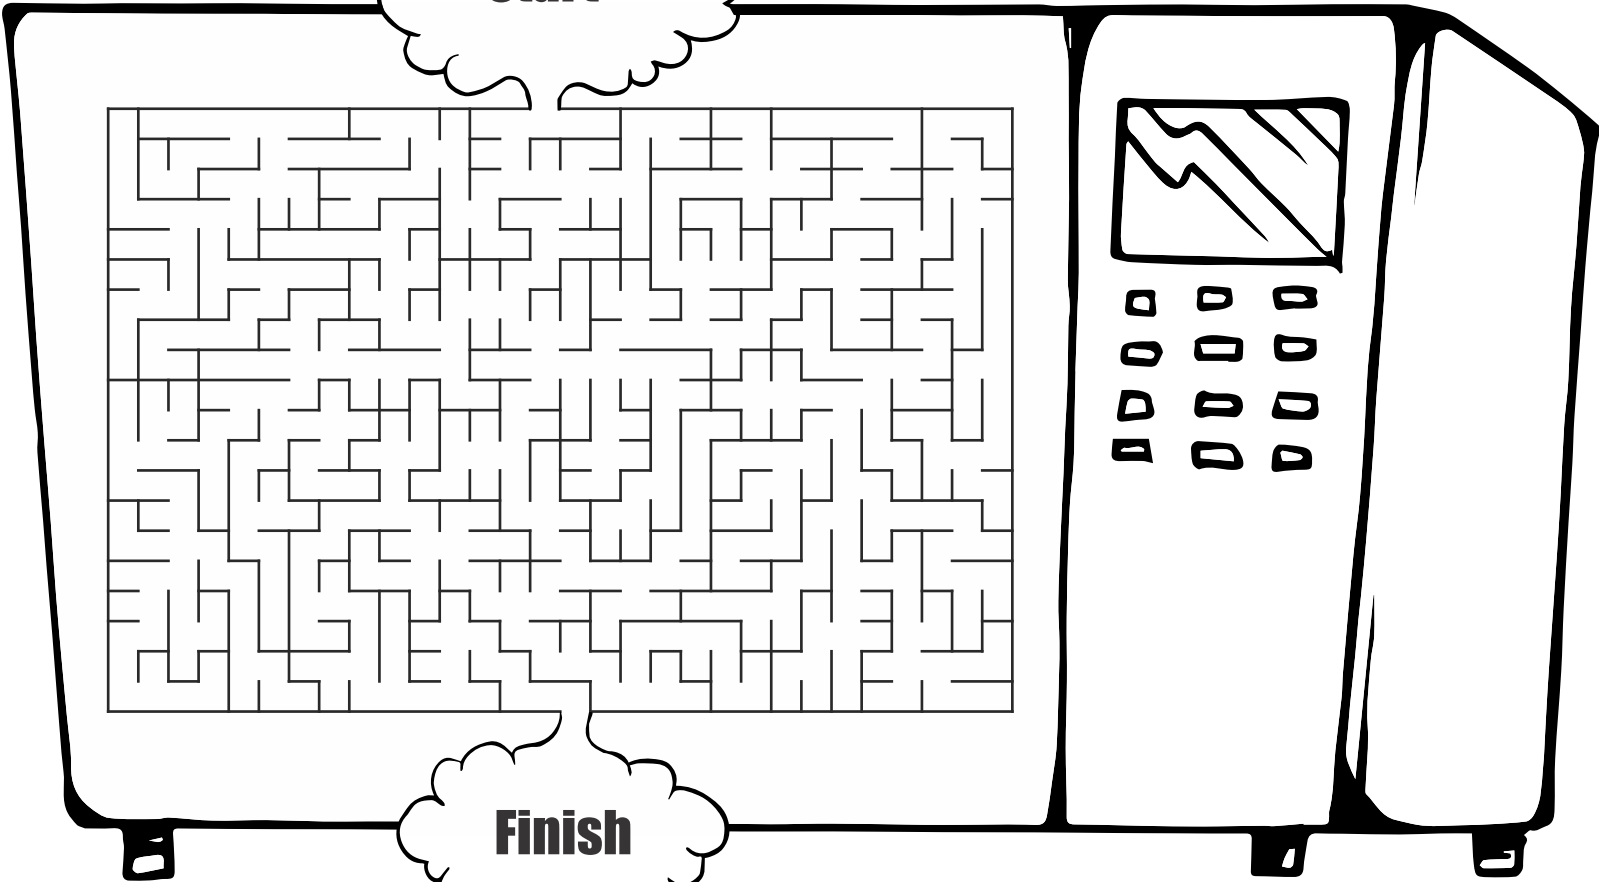

**Super Energy Saver
Activity Book**

Energy vampires are items that draw power even when switched off. Slay the Energy Vampire by unplugging these items when not in use.

Which item below is still plugged in?

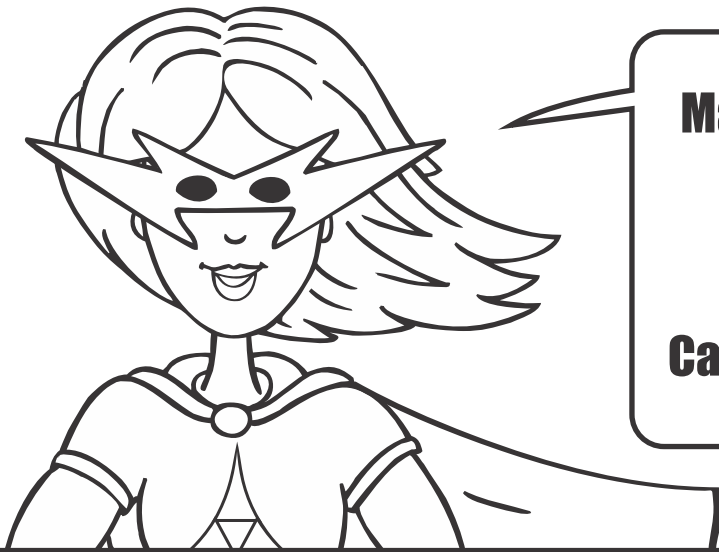

Start

Finish

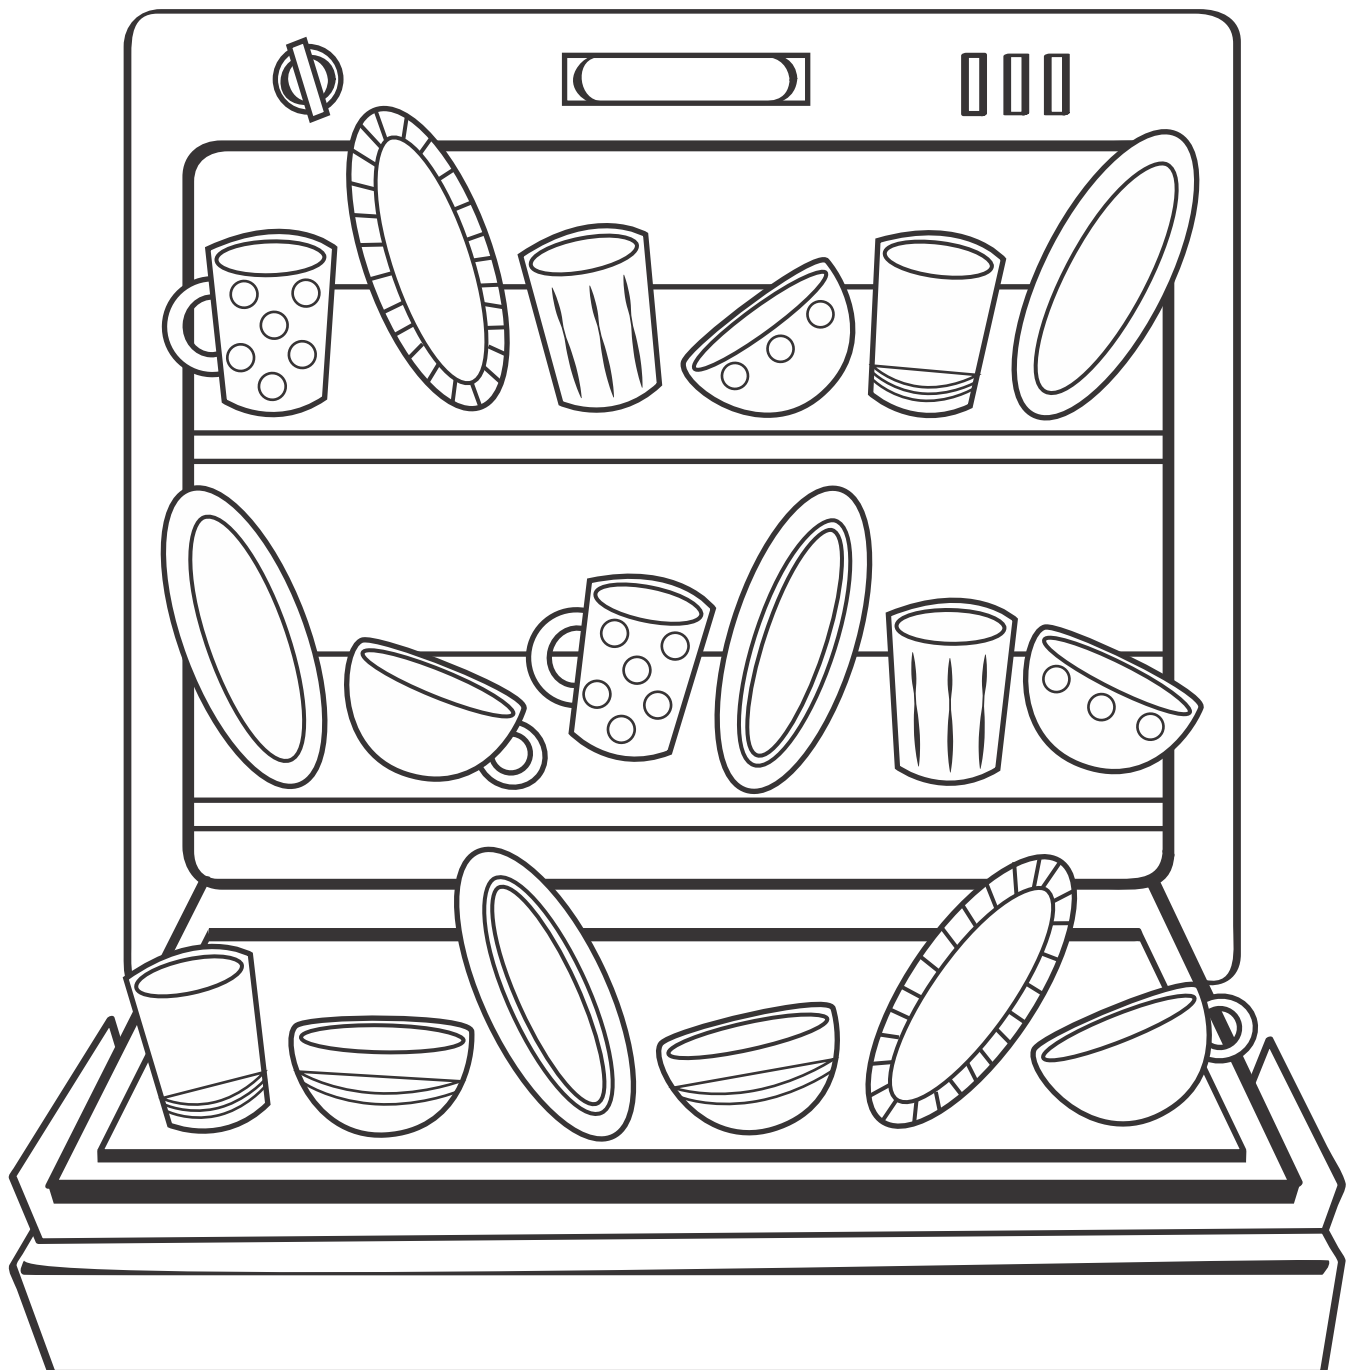

**Save energy
by using the
microwave
oven to
reheat food
instead
of the stove.**

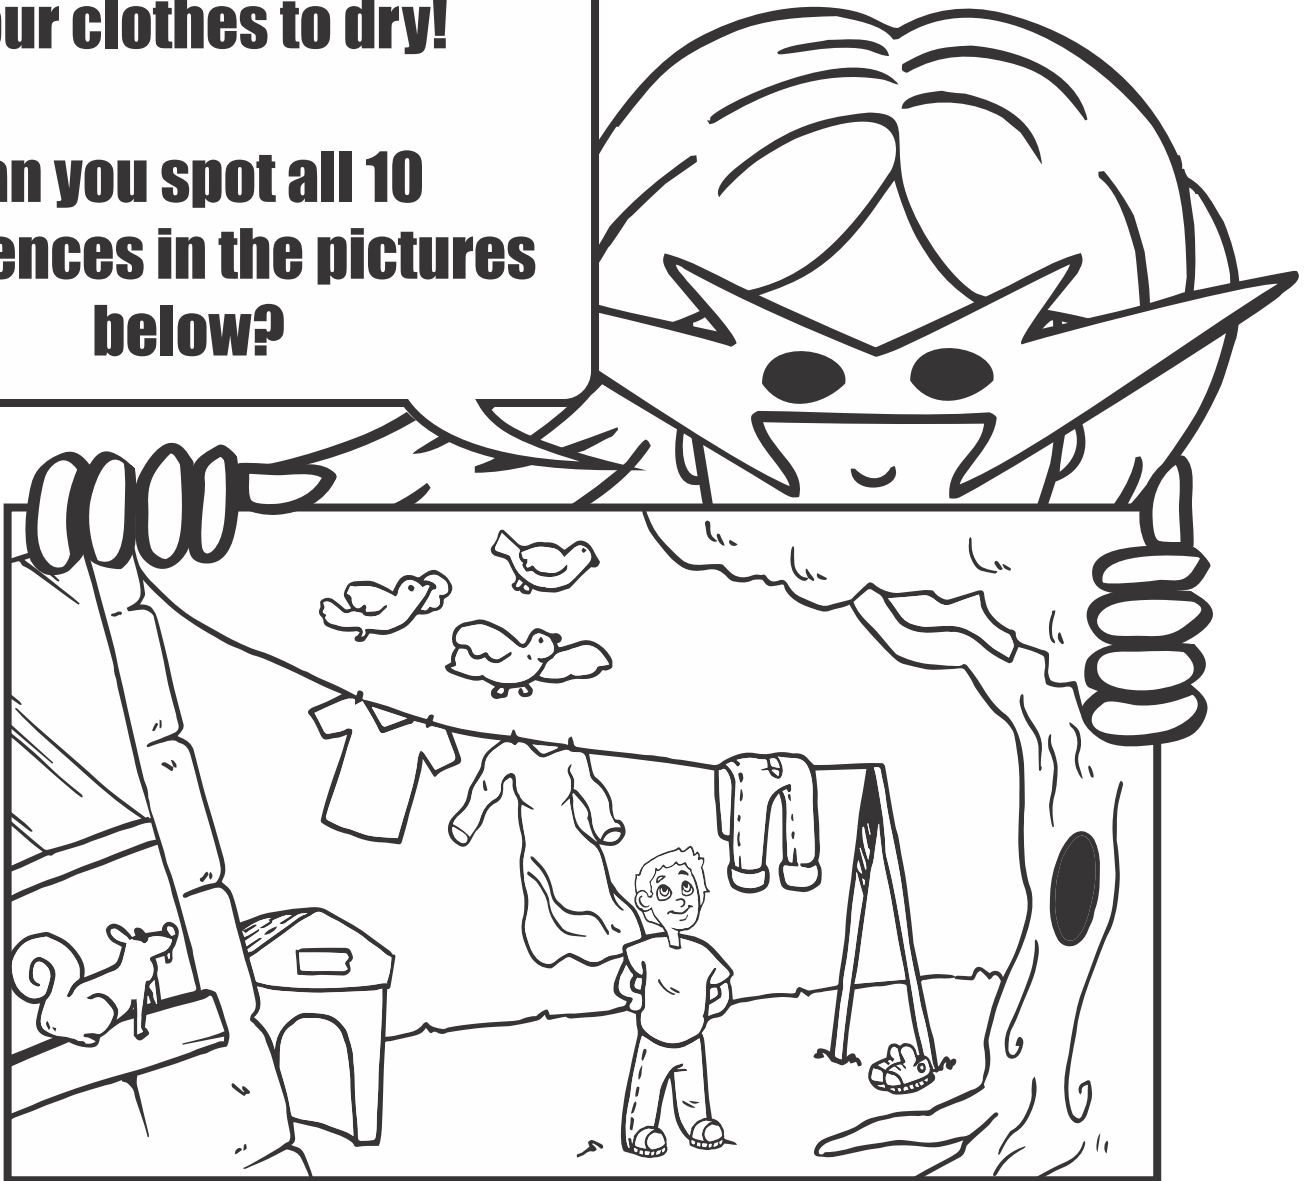

**Make sure the dishwasher is full
for each load and use the
air dry cycle!**

Can you find all 9 pairs of dishes?

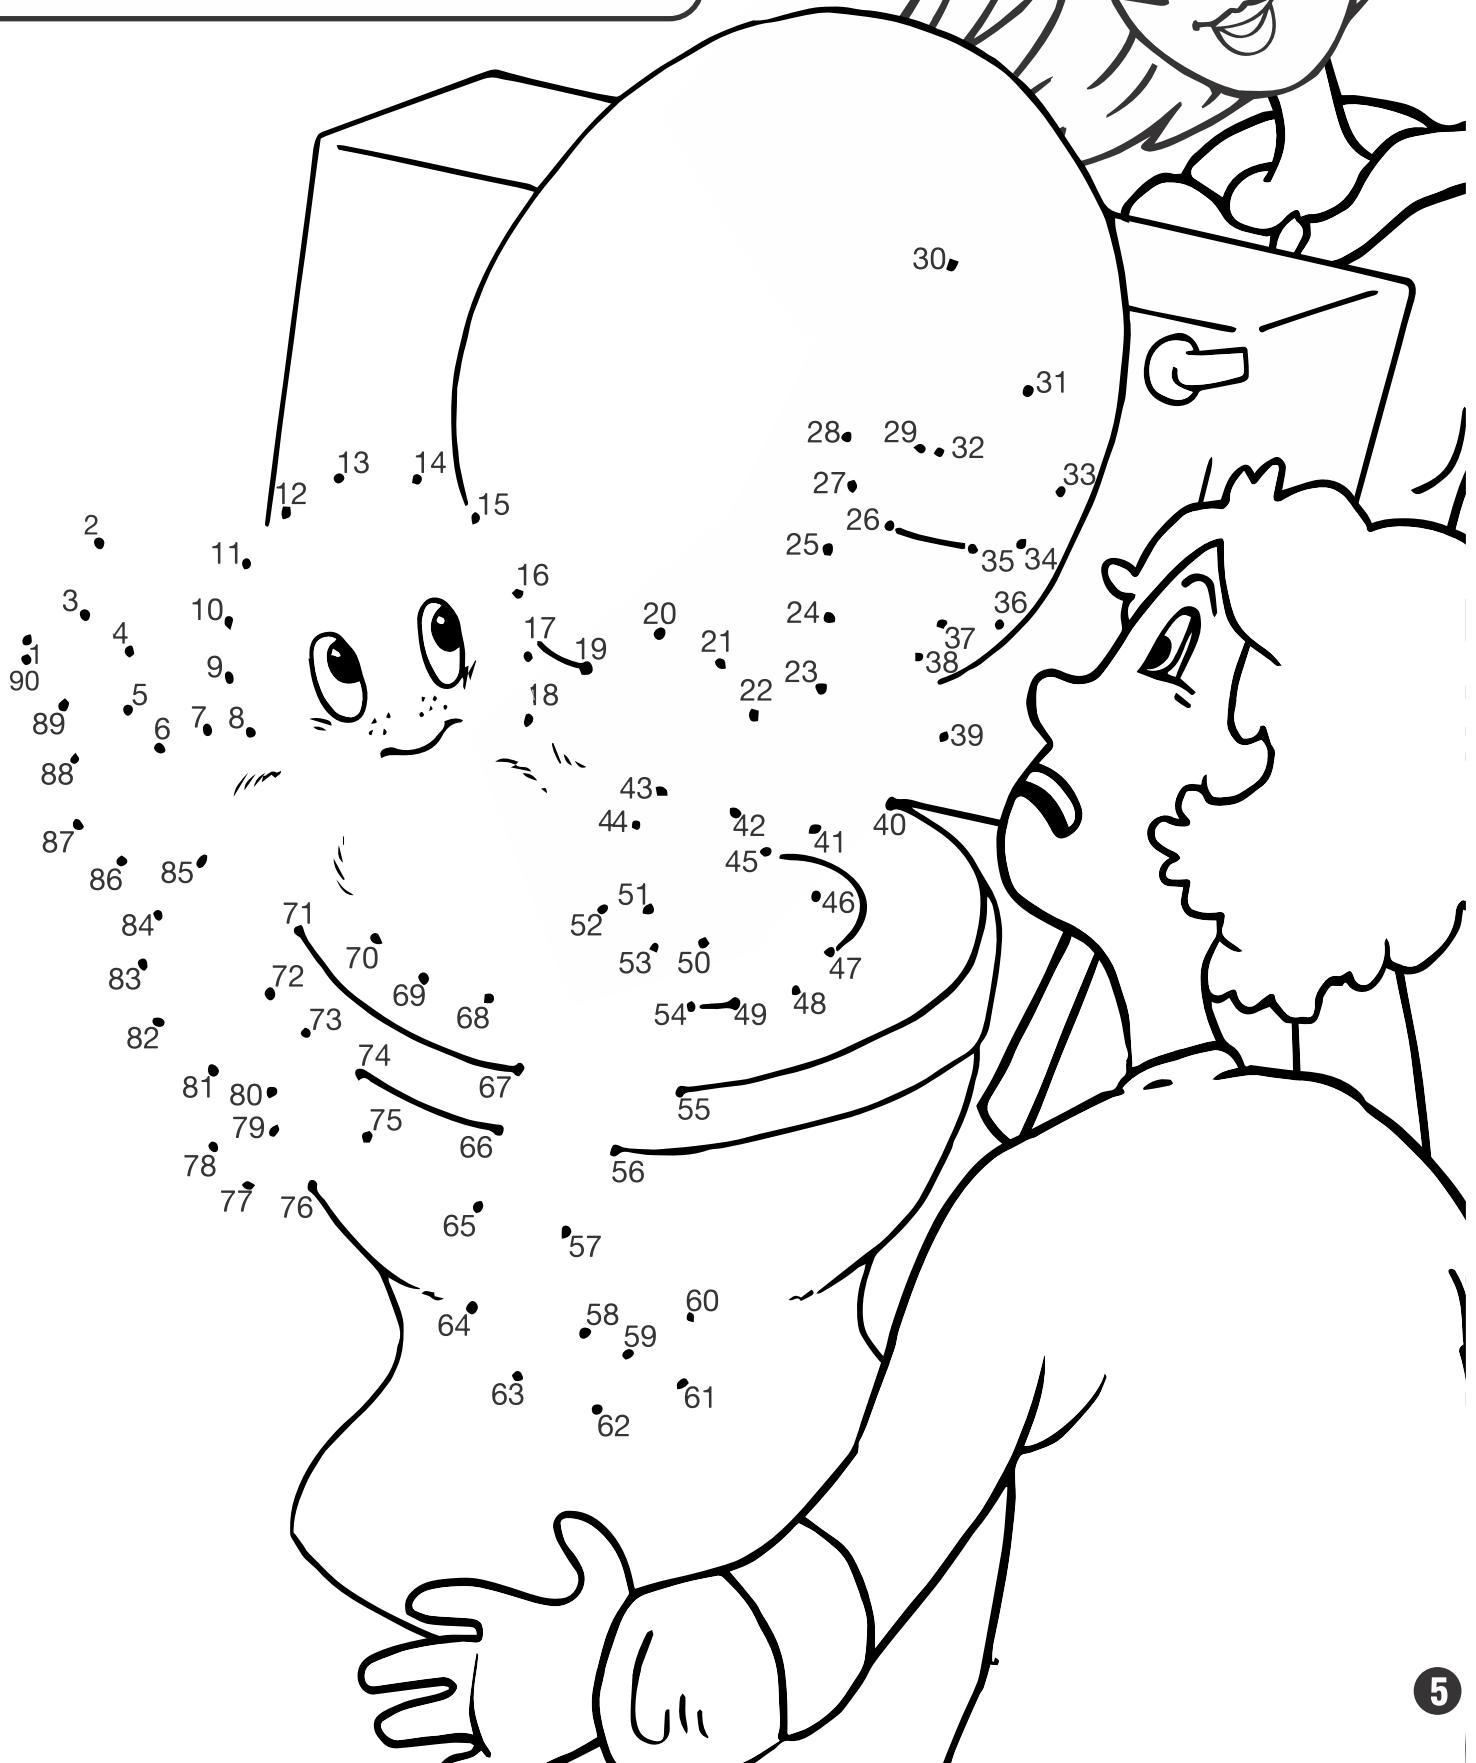

**You should always hang
your clothes to dry!**

**Can you spot all 10
differences in the pictures
below?**

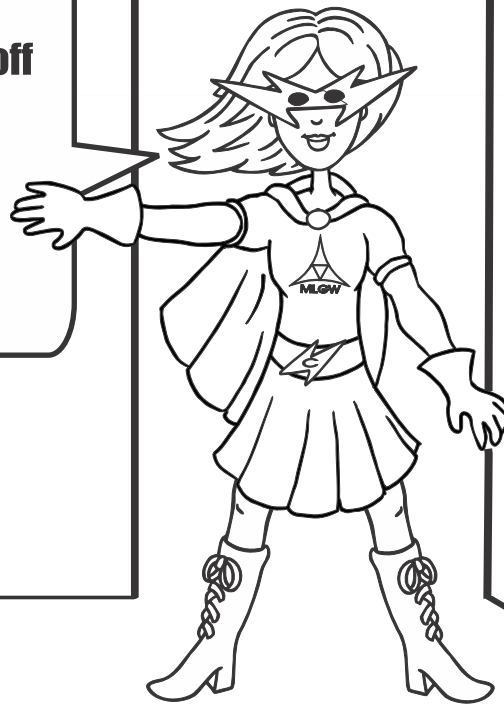

Don't use your toilet as a trash bin!

Connect the dots to see what is in the toilet.

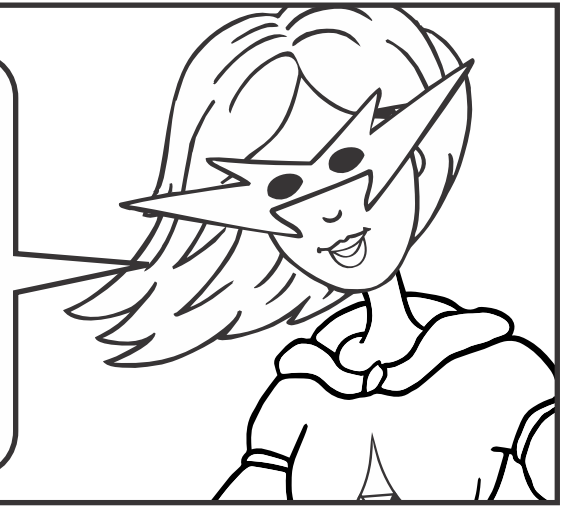

**Before you leave
a room,
remember to turn off
all the lights!**

**Find all 15 lamps
and flashlights
in this room.**

Have fun without TVs, video games and computers by biking, skating, playing board games or playing in your yard.

**Finish the drawing below by drawing YOUR head on the biker!
Then use lots of color to finish your masterpiece.**

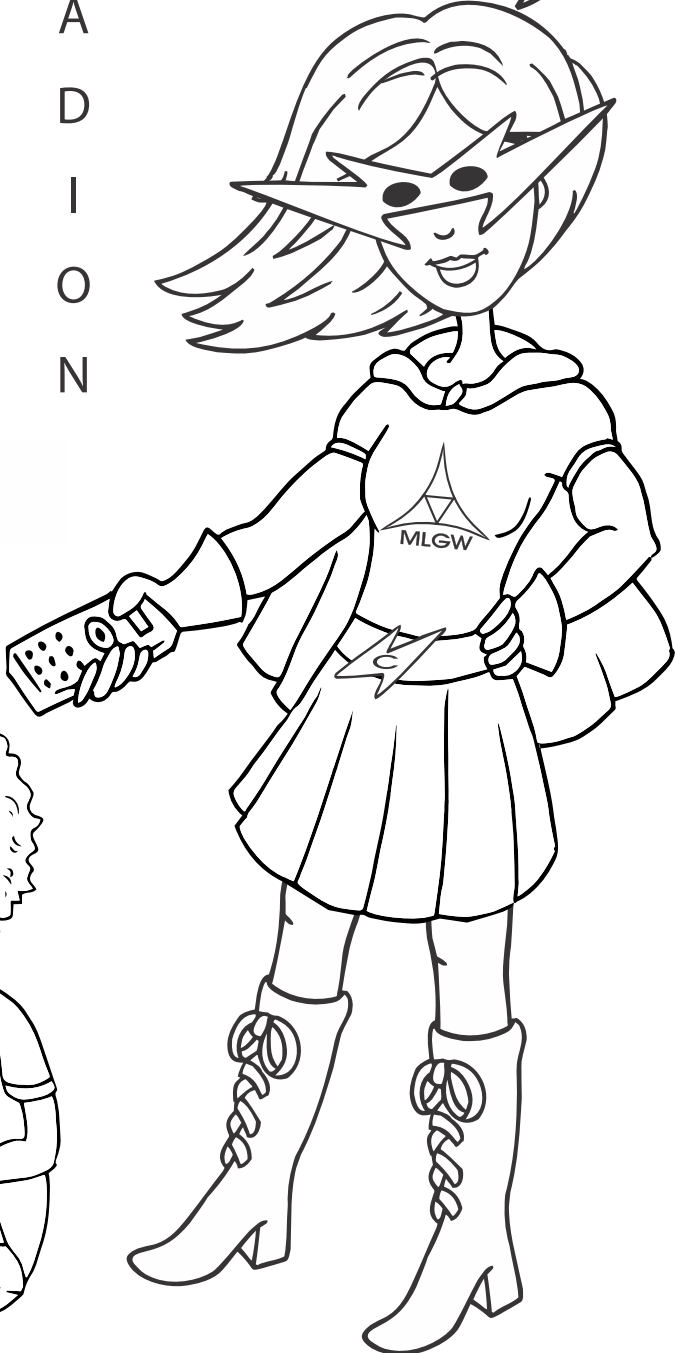

E L E C T R O N I C S

**Turn off TVs,
 radios,
 and game
 consoles
 when not
 in use.**

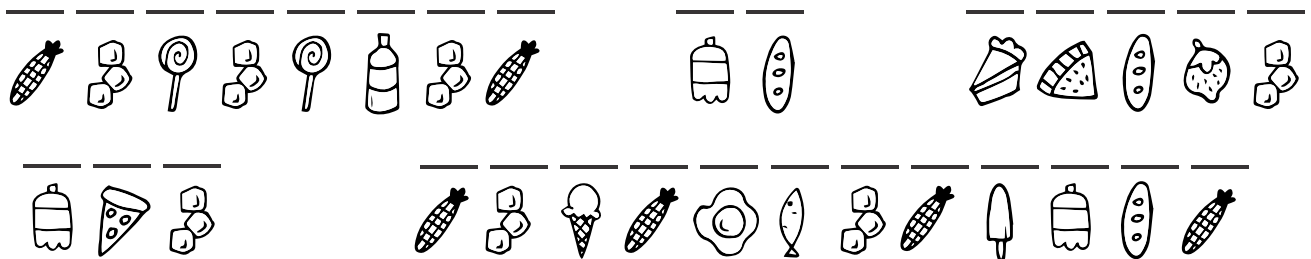

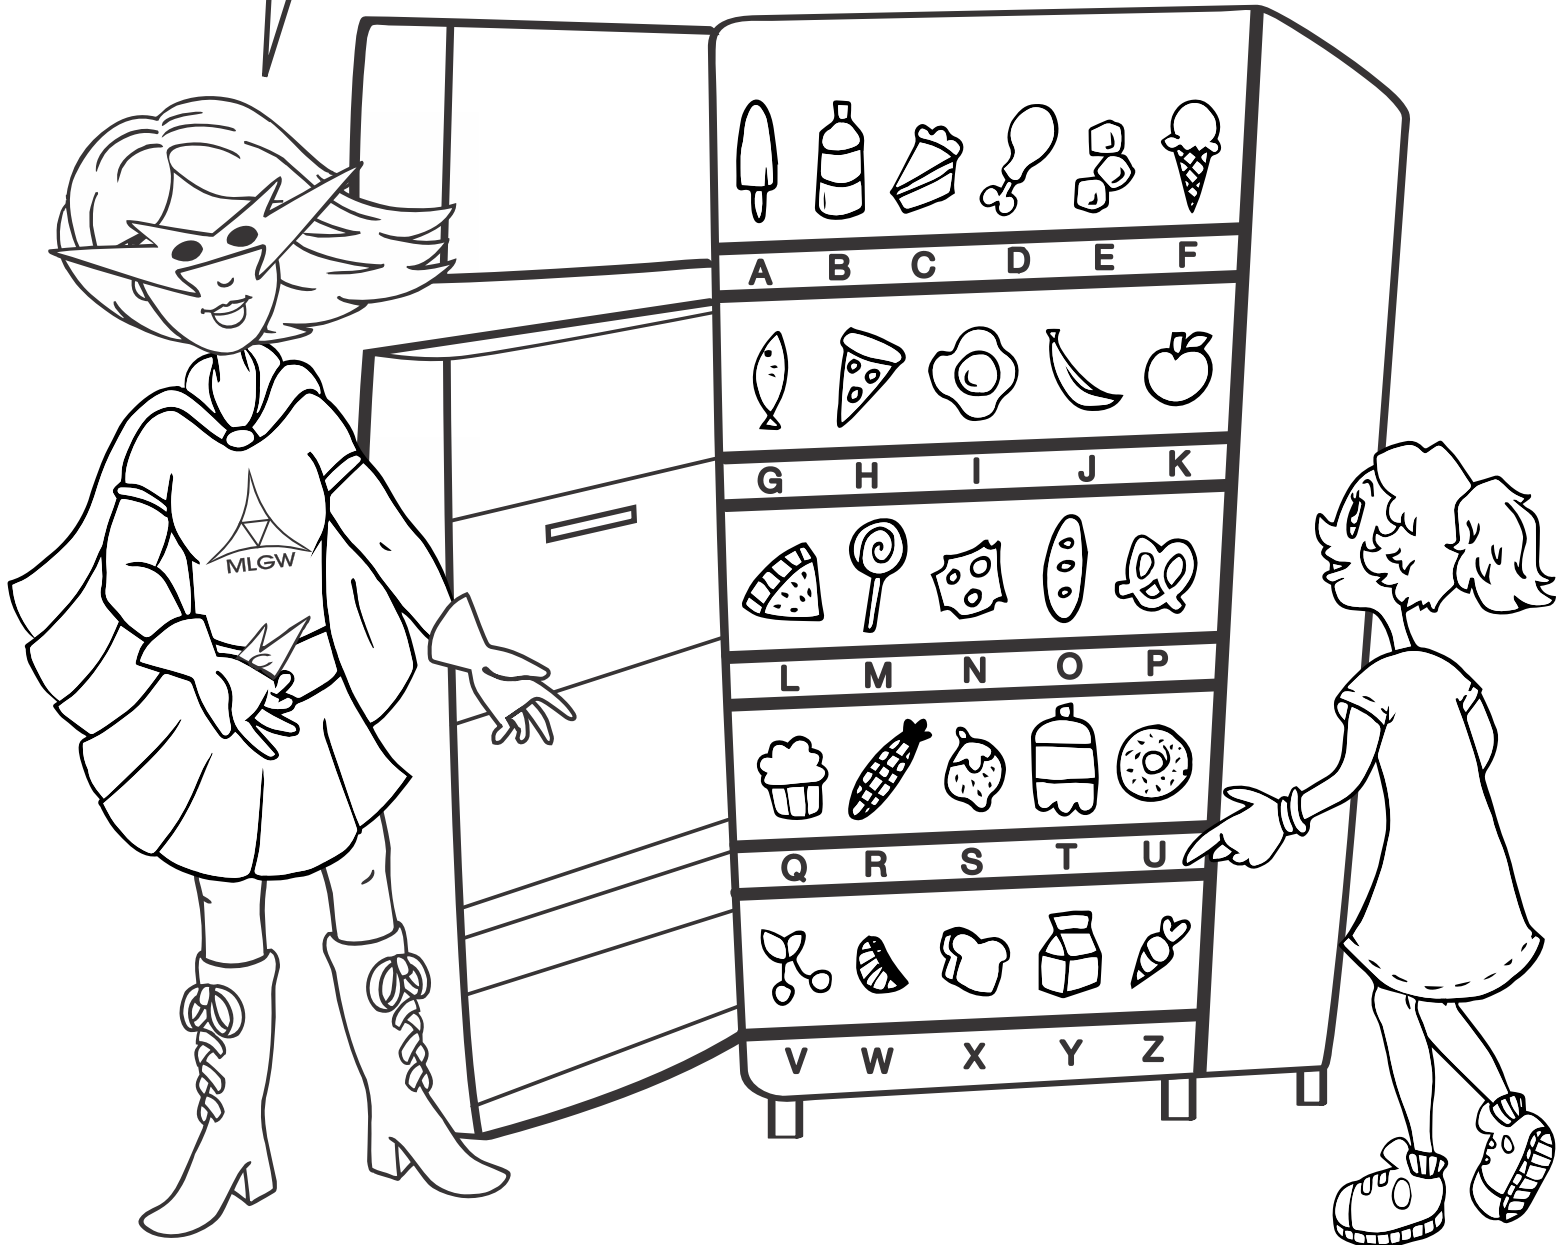

WORD LIST:

ELECTRONICS	RADIO	COMPUTER
LAPTOP	CONSERVE	POWER
TELEVISION	GAMES	
ENERGY	SAFETY	

**Decide what you want before you open the refrigerator door!
Every time it's opened, up to 30 percent of the
cooled air can escape.**

Decode the secret message below!

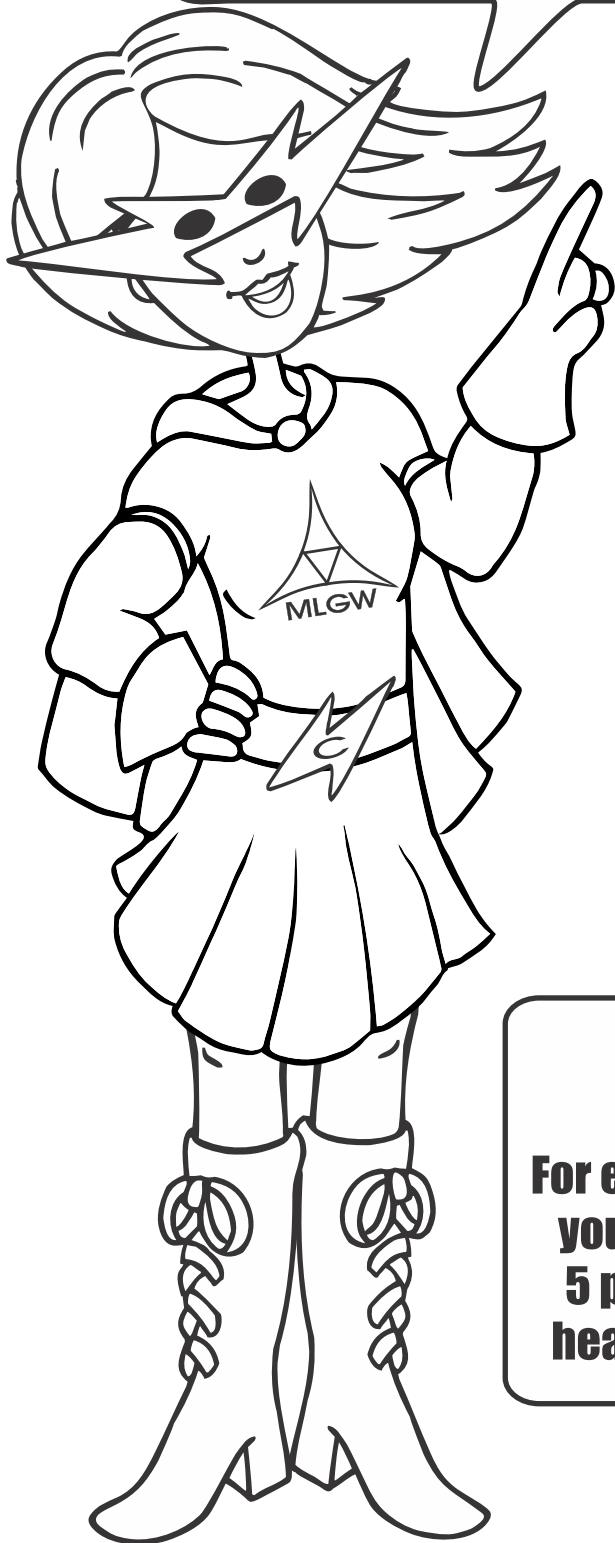

**You should use an
extra blanket
to stay warm in the winter.**

**This girl has the right idea!
Can you find the two
that are identical?**

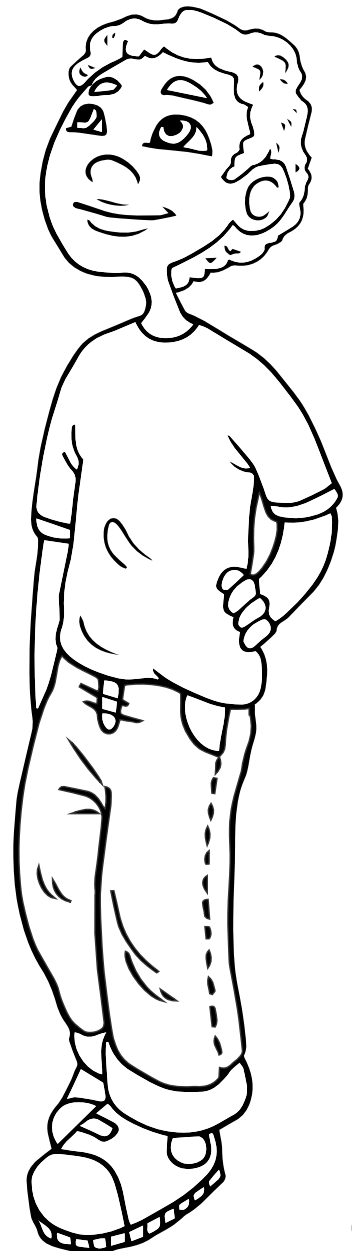

Put the temperature dial down in the winter and up in the summer!

Change the word 'COLD' to 'HEAT' by changing one letter at a time, making a new word on each step.

HEAT

COLD

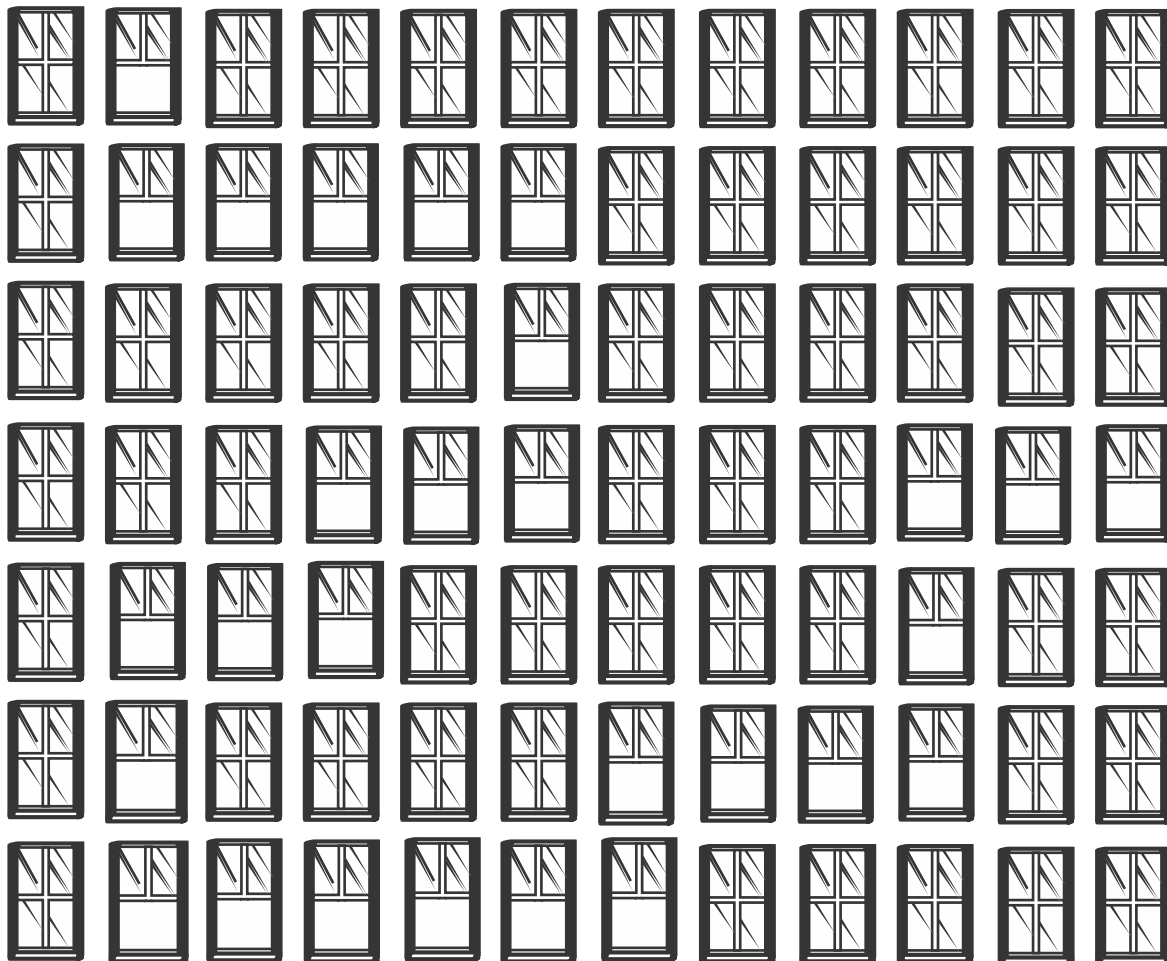

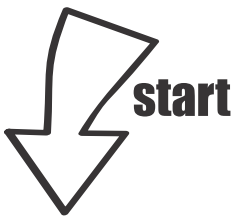

FACT!

For each one degree change, your family can save up to 5 percent on your home's heating and cooling costs!

**Don't heat - or cool -
the great outdoors!
If the air conditioning or
heater is on, keep the
windows or doors closed
so warm air stays inside
in the winter and cold
air stays inside
in the summer!**

**Now, follow the open windows
to make your way through
the maze below!**

Do you want an  career like
CONSERVATION GIRL?

Go to school!

**Learn about the environment
and what you can do to help.**

Have a clean record!

Be healthy and fit!

Don't do drugs!
