MLGW Approved Browser and OS List

Some outdated browsers and/or older versions of browsers are being phased out due to security issues and are no longer supported. Some older versions of Operating Systems (OS) are also no longer supported.

The supported browsers and OS are listed below:

Browser	Version	Notes
Windows EDGE		
Safari	Current & 1 version prior	
Chrome	Current	• Chrome automatically updates whenever a new browser version is available • Google ends security support for prior versions with the latest release
Firefox	Current	• Firefox requires a manual update by the end user • Mozilla ends security support for prior versions with the latest release
Operating System		**Version**
Windows (Desktop & Mobile)		Current & 1 version prior
Apple (Desktop & Mobile)		Current & 1 version prior
Android (Mobile)		Current & 1 version prior

Additional Notes:

- Updates to browsers and/or operating systems is your responsibility and are required in order to login to My Account.
