

2023 Utility Bill Comparisons for Selected Cities

Rates in effect January 2023

Survey History

The largest three-service municipal utility system in the nation, Memphis Light, Gas and Water delivers electricity, natural gas and water throughout Memphis and Shelby County. Each year we strive to not only deliver the best possible price, but also the highest quality service.

We surveyed 39 cities, including many that are geographically close to Memphis, as well as utilities that are similar in size to MLGW. All costs covered in this survey are based on published rates effective January 2023.

MLGW started collecting data on rates in 1991. Memphis continues to outperform many cities in terms of what customers pay for electricity, natural gas and water services. MLGW's financial management remains a driving force in keeping utility bills as low as possible.

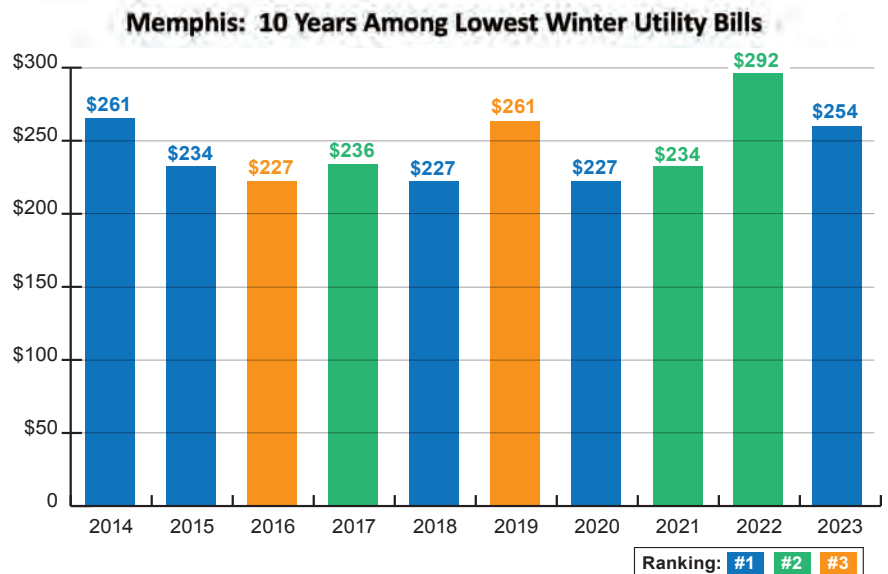

We are proud to present the 2023 Utility Bill Comparisons for Selected Cities. MLGW, a division of the City of Memphis, compiled the data. The survey compares residential, commercial and industrial electric, gas and water bills at various usage levels with rates in effect January 2023. Only FIRM RATES are used.

- Appendix — 15

Memphis: 10 Years Among Lowest Winter Utility Bills

Historically, Memphis customers have spent less for their winter utility bills than their counterparts in many metro areas, capturing the top ranking 19 times since 1991. The 2023 ranking includes what a homeowner would pay for 1,000 kilowatt-hours (kWh) of electricity, 200 hundred cubic feet (CCF) of gas and 10 CCF of water. Wastewater is no longer included. Dollar amounts have been rounded.

Participating Cities:

Atlanta, GA	Detroit, MI	Los Angeles, CA	Philadelphia, PA
Austin, TX	Houston, TX	Louisville, KY	Phoenix, AZ
Baltimore, MD	Huntsville, AL	Miami, FL	Reno, NV
Birmingham, AL	Indianapolis, IN	Milwaukee, WI	Salt Lake City, UT
Boston, MA	Jackson, MS	Nashville, TN	San Antonio, TX
Charlotte, NC	Jackson, TN	New Orleans, LA	Seattle, WA
Chattanooga, TN	Jacksonville, FL	New York, NY	Springfield, MO
Chicago, IL	Knoxville, TN	Oklahoma City, OK	St. Louis, MO
Dallas, TX	Las Vegas, NV	Omaha, NE	Washington, D.C.
Denver, CO	Little Rock, AR	Orlando, FL	

Guidelines used in providing the utility figures:

- Calculations are based on monthly consumption.
- Seasonal rates are used when applicable.
- Special early payment discounts are excluded.
- Time differentiated rates were excluded.
- Taxes not booked as revenue by the utility are excluded.
- Special rates are not used for electric space heating and water heating.

The information in this book has been compiled to ensure maximum accuracy at the time of publication. Representative utilities provided the data, or MLGW calculated the rates through the collection of publicized rate and tariff information. MLGW cannot guarantee the correctness of the information furnished and cannot be responsible for errors or omissions. For more information about the survey, please call 901-528-4607.

ELECTRICITY

MLGW buys electricity from the Tennessee Valley Authority. TVA sells its power on a non-profit basis to 153 local power companies. As TVA's largest customer, MLGW purchases approximately 10 percent of TVA's power.

MLGW owns and maintains over 1,000 miles of transmission lines and four connection points or substations with TVA. The utility company is capable of meeting peak system demands of up to 3.6 million kilowatts for its nearly 437,000 electric customers.

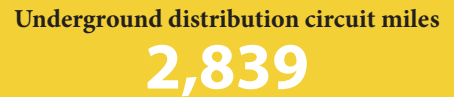

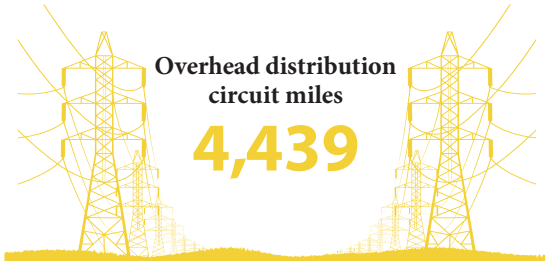

In 2021, the American Public Power Association's Reliable Public Power Provider program gave MLGW its highest ranking – Diamond level status – which lasts for three years.

One kilowatt-hour equals ten 100-watt light bulbs staying on for an hour.

$$\times 10 \times 1\text{hr} = 1\text{kw hour}$$

NATURAL GAS

MLGW currently buys natural gas and moves it via three interstate pipeline companies, Texas Gas Transmission Corp., ANR Pipeline Co. and Trunkline Gas Co. MLGW supplies 313,000 gas customers with 30 billion cubic feet of gas a year purchased from more than 30 suppliers.

In addition to natural gas, MLGW also operates a wholesale Liquefied Natural Gas facility and two retail Compressed Natural Gas stations for our customers.

100 cubic feet

Ccf -

One hundred cubic feet is a common unit of measurement of gas volume.

4,551 miles of gas mains
200 miles of gas transmission

ARTESIAN WATER

MLGW operates one of the largest artesian water systems in the world. On a peak day, MLGW can deliver up to 250 million gallons of water to more than 255,000 customers. In the layer of water-bearing sands beneath the city, there is an abundant supply of naturally pure, high-quality water that will meet the daily needs of a city several times the size of Memphis.

MLGW has the necessary facilities to meet the utility needs of a growing Memphis economy. The MLGW Economic Development Department and the Greater Memphis Chamber of Commerce promote commercial and industrial development in our area. Both encourage and aid in the expansion of local industry and the relocation of new industry. MLGW cares about the economic growth and development of our community as we strive to improve the quality of life for all of our customers.

APPENDIX

Annual Average Residential Price per Kilowatt-Hour (kWh) of Electricity

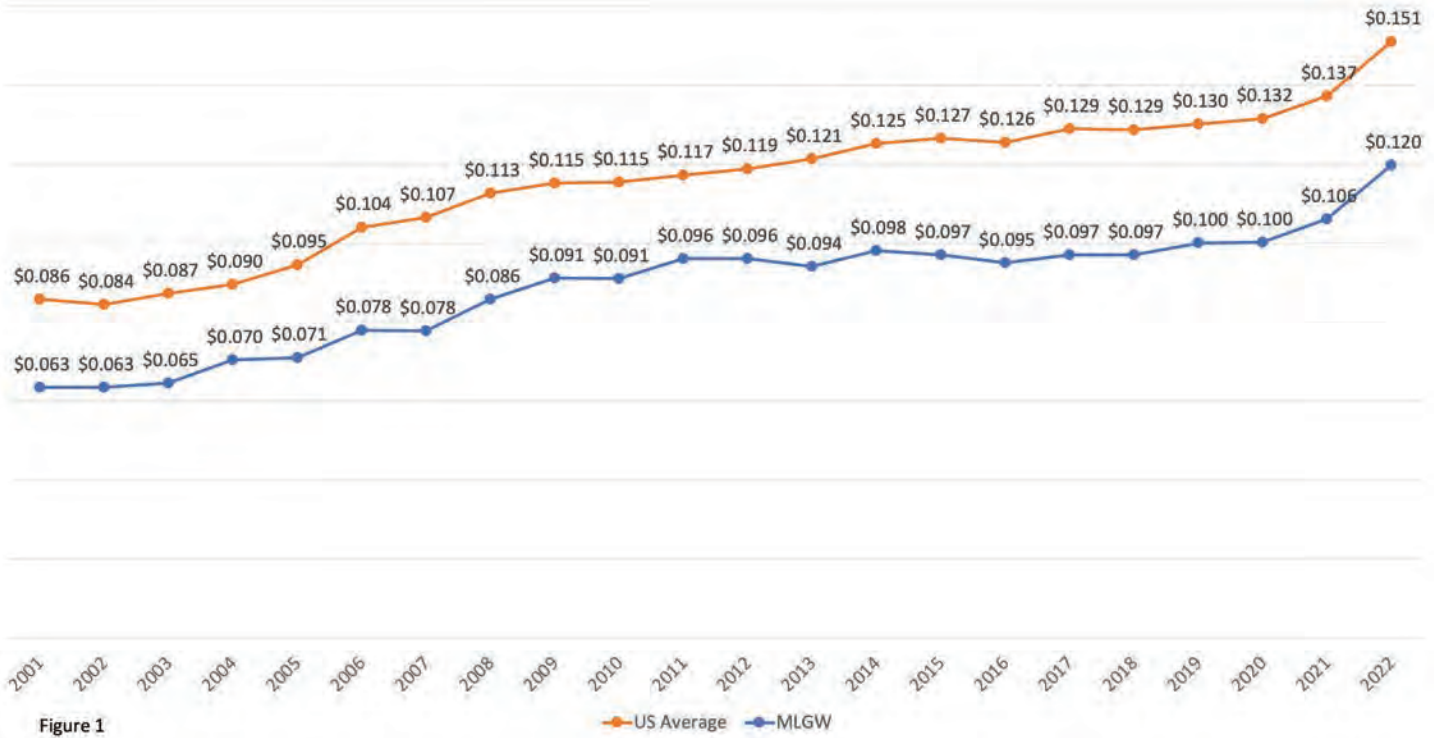

Figure 1 displays a comparison of MLGW annual average residential price of electricity (\$/kWh) vs. US annual average residential price of electricity (\$/kWh) from 2001 – 2022. During these years, MLGW has provided cheaper rates than national average. According to 2022 prices, an MLGW typical residential annual bill (14,071 kWh) was approximately \$441 less than US typical residential annual bill. US annual average price data in Figure 1 is generated by US Energy Information Administration (EIA), sampling 500 of the largest US electric utilities. MLGW annual average price data can be found in MLGW Annual Reports. US Average and MLGW 2022 price values are preliminary as of 4/24/23.

Annual Average Residential Price per Thousand Cubic Feet (MCF) of Natural Gas

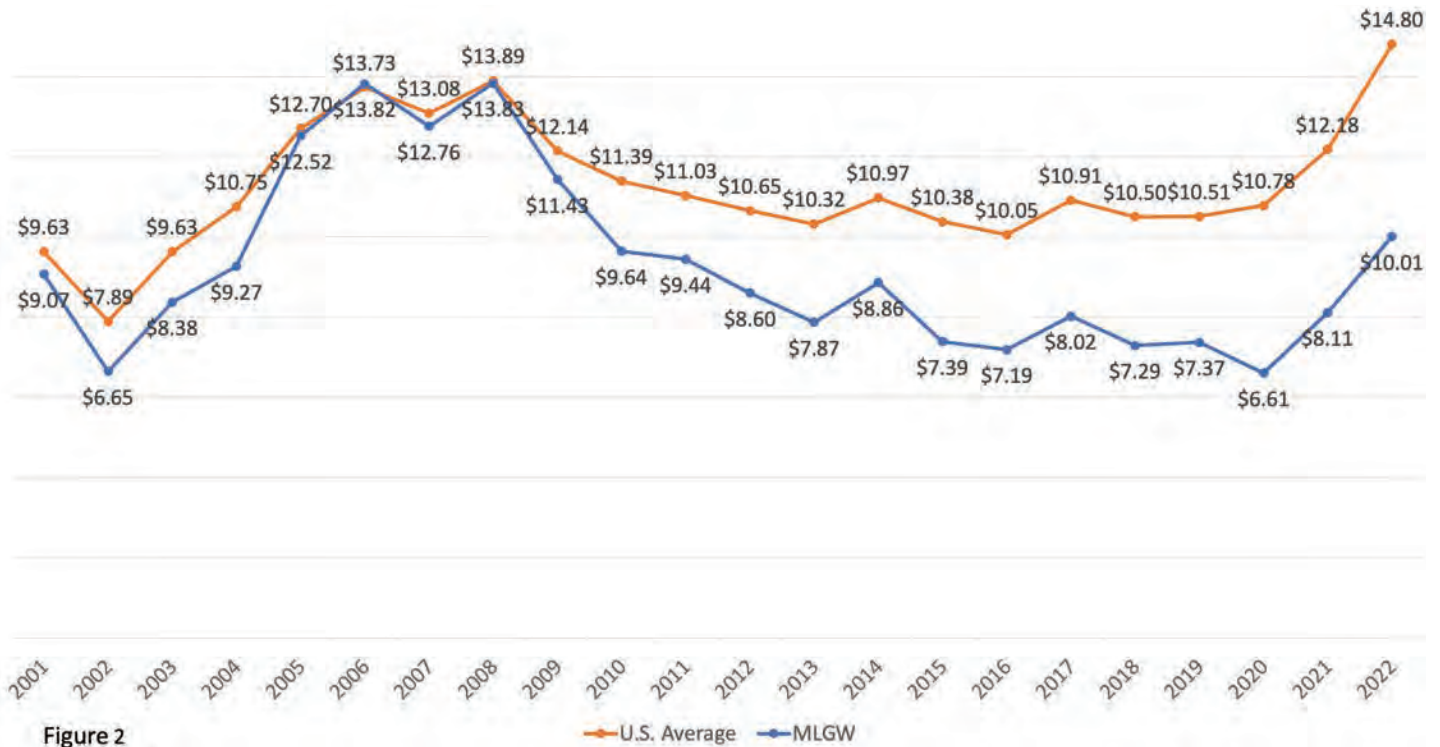

Figure 2 displays a comparison of MLGW annual average residential price of natural gas (\$/MCF) vs. US annual average residential price of gas (\$/MCF) from 2001 – 2022. MLGW continues to deliver cheaper natural gas to residential customers than national average. According to 2022 prices, an MLGW typical residential annual bill (67 MCF) was approximately \$321 less than US typical residential annual bill. US annual average price data in Figure 2 is generated by US Energy Information Administration (EIA), sampling 323 of the largest US gas utilities. MLGW annual average price data can be found in MLGW Annual Reports. US Average and MLGW 2022 price values are preliminary as of 4/24/23.

Natural Gas

Annual Average Residential Price per Hundred Cubic Feet (CCF) of Water

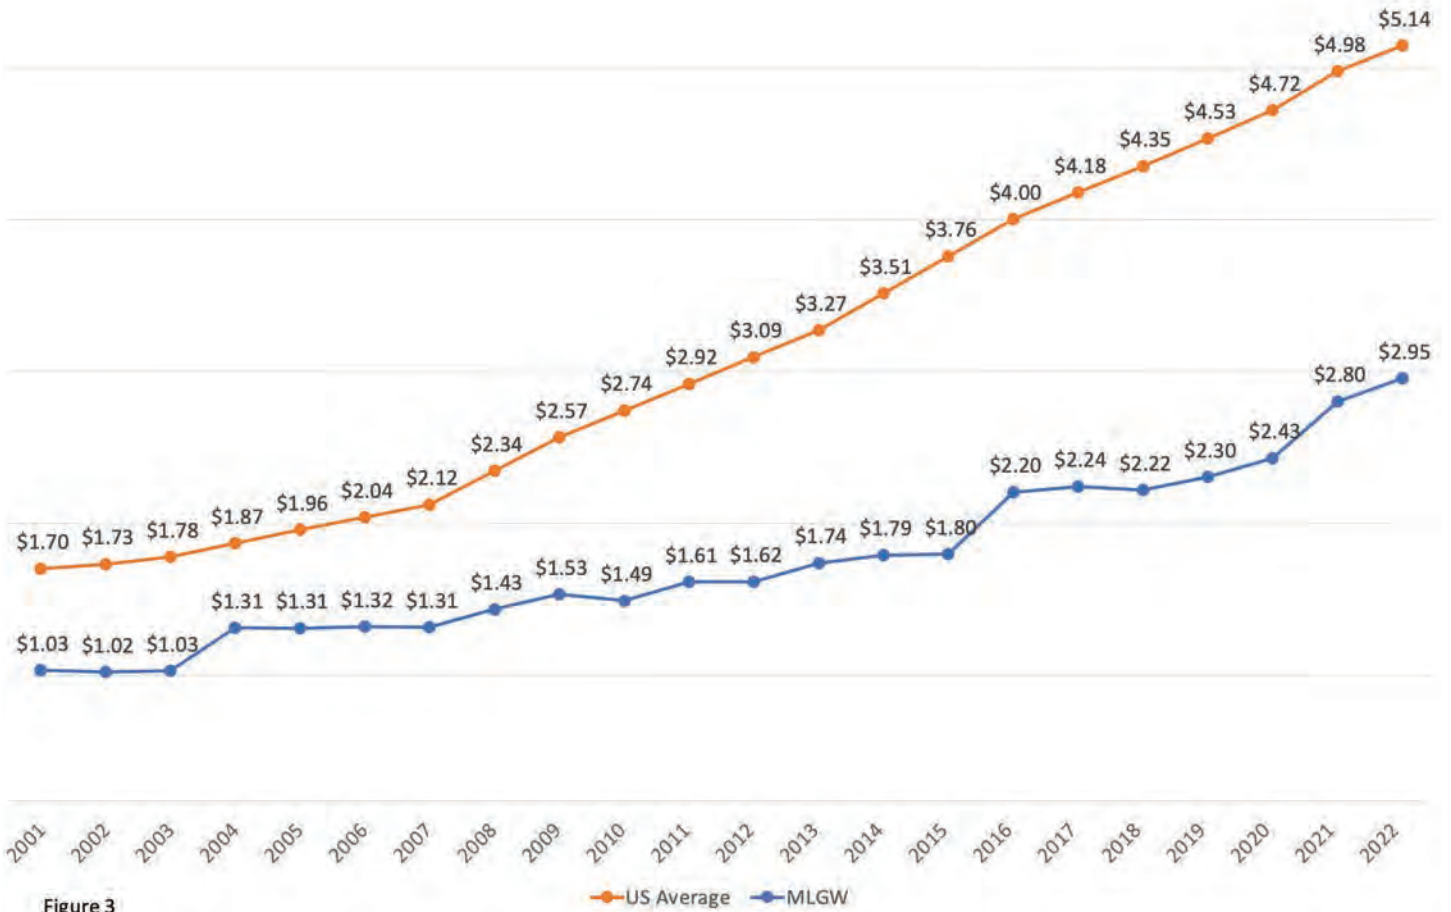

Figure 3

— US Average — MLGW

Figure 3 displays a comparison of MLGW annual average residential price of water (\$/CCF) vs. US annual average residential price of water (\$/CCF) from 2001 – 2022. MLGW has delivered high quality drinking water to residential customers at cheaper rates than national average. According to 2022 prices, an MLGW typical residential annual bill (95 CCF) was approximately \$198 less than US typical residential annual bill. US annual average price data in Figure 3 is generated by Black & Veatch Management Consulting, LLC in its 2021 50 Largest Cities Water and Wastewater Report. MLGW annual average price data can be found in MLGW Annual Reports. US Average price values for 2021 and 2022 are projections as of 4/24/23.
